- Over the years hunters, poachers, and war have killed many of the gorillas of central Africa. But there are still a few hundred living high in the mists of the Virunga Mountains. When Dian Fossey first saw a family of wild mountain gorillas in the Virungas she knew that she must help these wonderful animals. This true story tells of the twenty years she lived with them, watched them, wrote about them, and protected them. In the end, she gave her life for them. 76 pp. Englisch.

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
