Straw Bale Gardening for Beginners: How to Grow Vegetables and Herbs without any Digging Looking to try straw bale gardening but not sure that it's the right solution for you? When I began looking into straw bale gardening, I had a lot of questions about the techniques used in this type of gardening. Would vegetables and herbs really grow in straw? Is straw bale gardening as easy as it sounds? We usually think of gardening as planting seeds directly in the ground, then weeding them carefully all throughout the growing season. When we tell someone we're about to start a garden, the likely response is Wow, that's a lot of work! I was fascinated by the idea that it might be possible to grow lots of vegetables at home, save money on groceries, and not do much work at all while meeting my goals, so I started growing things in straw bales. Some things grew well, while others did not. Along the way, I learned how to make simple straw bales produce a bumper crop...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Ally Reichel

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You won't feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
