According to some theories of quantum physics, the real universe doesn't make choices, it takes every path. Somewhere out there, there's a you who chose another spouse, who became a serial killer or a rock star. Somewhere, there's a version of the universe where dinosaurs still rule, and another where your parents hated each other on first sight and never connected. Somewhere, Adolf Hitler had a change of heart in prison and somewhere there are cops who work to keep the leaves of reality from conflicting, prevent one version of you from murdering another and taking his place. Author Teel James Glenn approaches the alternate universe theory from the standpoint of the pulp fiction author. His version of a time-cop rides Sleipnir, Odins 8-legged horse and is stuck with a Chimp as a sidekick at a magic convention. Adolf Hitler turned from politics to become an adventure writer and heads to Egypt with Robert E. Howard (who somehow left Cross Plains, Texas). Add in a Skullmask story, a story featuring the intrepid newspaper reporter Moxie of Maxi and Moxie fame, a steampunk story of transformation, warbots and romance, and a medieval tale of magic and betrayal and you have a fun collection of pulp adventure set in a universe of maybes and what-ifs. Teel James Glenn was voted Best Pulp Fiction Author of the year for 2012: in Adventures in Otherwhen he shows off his skill. Adventures is classic pulp--with strong men, females ranging from femme-fatale to the girl next door (with some who manage both), evil Nazis, an homage to Pulps beginnings, and a couple of tie-in stories to Glenns series. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
