Draw Patterns with Barroux

By Sarah Barroux

Blue Apple Books, United States, 2013. Paperback. Book Condition: New. 304 x 240 mm. Language: English . Brand New Book. Barroux's crackling-with-creativity activity book offers a hands-on way to recognize, copy, and create patterns. Kids will be firing on all cylinders as they fill in simple patterns like colored dots, then progress to more complicated and silly-smart patterns such as stripes - on a fox! Is pattern recognition an important developmental skill that contributes to mathematical cognition and problem-solving? It is! But it is much more fun to absorb when drawing an argyle-patterned scarf on a spotted giraffe, or a tangle of swirling snakes! Barroux supplies just the right amount of instruction and creative freedom for beginning artists, and kids who just want to see how a triangle, a curl, and a circle can become - hey, a mouse!.
