Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Difficult Airway Management, Mansukh T. Popat, Management of a patient with a difficult airway has undergone significant changes in recent years, with the introduction of both new guidelines and equipment. Chapters cover basic topics such as recognition of a difficult airway and general principles of management and then move onto more complicated topics such as the 'anticipated' and 'unanticipated' difficult airway scenarios. New equipment is outlined and reviewed, and a chapter focuses on extubation and its importance. The book also includes a chapter on management in common clinical settings and a separate chapter covers paediatric airway management.
