### Reviews

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.*

Enchanted Lion Books. Hardback. Book Condition: new. BRAND NEW, The World in a Second, Isabel Minh Martins, Bernardo Carvalho, Inspired by the question, "What are they doing right at this moment on the other side of the world?" this book focuses on natural and human events happening all over the world in the same second. Time is always in a hurry, never, ever stopping, and yet as you focus on these lovely illustrations, which stand as true evocations of place, time begins to slow down and, for moments, it even feels as if time has stopped, and you are transported out of the flow of time and into the wholeness and purity of a moment. A moment of bird flight; a moment of daydreaming while washing the dishes; a moment of wondering how something felt and what came next.
