Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What is wrong with young people today? This question has captured the concerns of the older generation about the habits and attitudes of the adolescents in their midst. The assumption is that there is indeed something wrong with young people. Even Plato must have rolled his eyes, as he relates his diatribe about the adolescents of Greece. Is the current generation of adolescents less motivated or less focused than their parents? How will they respond to the challenges facing them as they progress to adulthood? For the generation that is coming of age in a post-terrorist world and in the midst of economic upheaval, the challenges might seem insurmountable. However, in this book, scholars from across the academy, from sociology, psychology, education, philosophy, science, and business, explain how the young people today are responding to the constants of growth and change in...
