

CFDs Made Simple: A Straightforward Guide to Contracts for Difference

Filesize: 6.75 MB

Reviews

Complete information for publication enthusiasts. I have go through and that i am confident that i will gonna go through once more again in the future. Its been printed in an exceptionally basic way and is particularly just following i finished reading through this book by which basically altered me, alter the way i really believe.

Harriman House Publishing. Paperback. Book Condition: new. BRAND NEW, CFDs Made Simple: A Straightforward Guide to Contracts for Difference, Peter Temple, CFDs, or contracts for difference, have experienced a surge in popularity with private investors and traders. They are extremely flexible trading instruments that offer high degrees of leverage, the opportunity to go long and short and to hedge open positions in other tradable instruments. Similar to spread betting, traders can take advantage of price movements without having to buy the underlying asset, thereby avoiding stamp duty, broker commissions and 100% capital requirement issues. However, CFDs are high risk, predominantly because of their gearing exposure, and anyone entering this market should fully understand the risk and rewards before they start trading. 'CFDs Made Simple' is a short, straightforward, no-nonsense, practical guide to this exciting product written in Peter Temple's accessible style.
